What’s on the Agenda

In Focus

The day’s top stories, in-depth features and updates on Mason events.

Mason COVID Health Check

The daily necessary steps towards keeping our campus safe, including behavior in response to the COVID-19 pandemic. Take the safe return to campus depends on everyone modifying their messages that safety is a shared responsibility and that our Mason has launched its “Do Your Part” campaign to reinforce the

Players

Do Your Part

Mason staff and faculty, who are committed to creating a safe and healthy environment for all students, staff, and faculty.
