Faculty Handbook

The proposed handbook will be a faculty handbook that addresses issues of academic dishonesty.

We will try to modify the handbook into a cohesive and usable product. We will try to modify the handbook into a cohesive and usable product.

if you have thoughts that could help others.

If anyone would like to give a seminar on the topic, there is space at the bottom of the shared document.

Please share this idea with any faculty who might be interested in contributing to this project.

If you have ideas to include, provide pertinent links and share experiences which might be helpful to others.
