**Upcoming Events**

1. **Resistance and Resilience: Student Activism and Well-being**
   - **Date:** April 8, 2021
   - **Time:** 3 to 4 p.m.
   - This event is hosted by the Human Rights and Global Justice Initiative. Hear from four Mason student activists on their powerful experiences and stories.
   - Refer to email for the meeting password.

2. **East Coast Optimization Meeting 2021**
   - **Dates:** April 1 and 2, 2021
   - The annual East Coast Optimization Meeting (ECOM) introduces students and early-career researchers to the current trends in optimization and creates a strong networking environment among academia, industry, and the community.

3. **She Scientists: Health and Science Industry Week**
   - **Date:** March 30, 2021
   - **Time:** 4 to 5 p.m.
   - Explore the careers, how they've put their degree to work, and how students can too.

4. **Mason's 7th Annual Event - Ourspace for Innovation (OoS)**
   - **Focus:** To exemplify the university’s commitment to a just and sustainable future for all.
   - OoS and ISE are working together to create a calendar that will promote all of these events and opportunities to engage.

5. **Function**
   - **Date:** March 24, 2021
   - **Time:** 5:30 p.m. – 6:30 p.m.
   - **Details:**
     - The Mason Faculty Community Conversation will welcome Kim English, Mason’s new Men’s Basketball coach.
     - Researchers are busy, with preparations signaling a new beginning off a very long COVID-induced isolation.
     - The sun is usually shining and the cherry blossoms are sprouting across campus, and in our own backyards.
     - The university is currently in the process of developing a new investment model that will provide funds for student-based research. More details will be announced later.

6. **Graduate Students' Research Colloquium**
   - **Date:** April 2, 2021
   - **Time:** 11 a.m. – 1 p.m.
   - **Details:**
     - Mason scientists, students, and faculty members are invited to participate in the 10th Annual College of Science and Systems Research Colloquium. Presenters will showcase their research in a variety of fields.
     - The colloquium is open to the public, and student presenters can submit abstracts that will be considered for poster presentations. More details and updates will be posted on gradcolloquium.gmu.edu.

7. **Winning the Future: Highlights of the week from Mason**
   - **Date:** March 30, 2021
   - **Time:** 5:30 p.m.
   - **Details:**
     - Ziheng Sun, Senior Researcher, Center for Spatial Information Science and Systems, received $387,363 from the National Science Foundation to support his work on “Efficient Earth scientific workflows more shareable, replicable, reusable, and scalable.”
     - Mason scientists, students, and faculty members are invited to participate in the 10th Annual College of Science and Systems Research Colloquium. Presenters will showcase their research in a variety of fields.

8. **Winning the Future: Highlights of the week from Mason**
   - **Date:** March 24, 2021
   - **Time:** 5:30 p.m.
   - **Details:**
     - The Mason Faculty Community Conversation will welcome Kim English, Mason’s new Men’s Basketball coach.
     - Researchers are busy, with preparations signaling a new beginning off a very long COVID-induced isolation.
     - The sun is usually shining and the cherry blossoms are sprouting across campus, and in our own backyards.
     - The university is currently in the process of developing a new investment model that will provide funds for student-based research. More details will be announced later.

9. **Winning the Future: Highlights of the week from Mason**
   - **Date:** March 22, 2021
   - **Time:** 5:30 p.m.
   - **Details:**
     - The Mason Faculty Community Conversation will welcome Kim English, Mason’s new Men’s Basketball coach.
     - Researchers are busy, with preparations signaling a new beginning off a very long COVID-induced isolation.
     - The sun is usually shining and the cherry blossoms are sprouting across campus, and in our own backyards.
