Symposium at Mason
taking place now.

We are highlighting the work of female Mason scientists to learn about their experiences and stories.

April 8, 2021 | 4 to 5:30 p.m.
Resistence and Resilience: Student Activism and Well-being

Refer to email for the meeting password.

The annual East Coast Optimization Meeting (ECOM) introduces students and early-career researchers to optimization and intelligent systems topics.

April 1, 2021 to 2, 2021

Help connect our female Mason Science students with professional women in the sciences to learn about their experiences and stories.

Tuesday, March 30, 2021 | 5:30 p.m. – 6:30 p.m.

She Scientists: Health and Science Industry Week

Microbes and the Stories They Tell: Microorganisms as Sentinels of Organism Health and Ecosystem

March 30, 2021 | 4 to 5 p.m.

In the News

Jennifer Salerno

UFS

Atmospheric, Oceanic and Earth Sciences

The work of Mason scientists exemplify the university's commitment to a just and sustainable future for all. OoS and ISE are working together to promote and showcase your Earth Month programs, events, and initiatives that envision a planet that is healthy, productive, and vibrant.

In April, Mason Nation hosts many programs, events, and initiatives to celebrate Earth Month and support sustainable practices. This year, we want to support our Mason community on their powerful experiences and stories.
