Registration Required

Microbes and the Stories They Tell: Microorganisms as Sentinels of Organism Health and Ecosystem
Wednesday, March 24, 2021

Student abstracts are due by April 1, 2021.

Encourage Participation in the
College's 2021 Undergraduate Science Research Colloquium (URC)
April 21, 2021 from 1 to 3 p.m.

Call for proposals: IDIA Seed
Interdisciplinary proposals for funding at up to $40,000 for 18 months of performance.

Innovation. IDIA will select four compelling agencies to collaborate on disruptive digital
innovation. IDIA will select four compelling agencies to collaborate on disruptive digital
innovation. IDIA will select four compelling agencies to collaborate on disruptive digital
innovation.

The annual East Coast Optimization Meeting (ECOM) introduces students and early-career researchers to the
careers, how they've put their degree to work, and how students can too.

In April, Mason Nation hosts many programs, events, and initiatives to celebrate Earth Month and

Mason scientists recently appeared in Science Magazine, highlighting their work to make artificial intelligence
understand, and expand your own knowledge of subjects of interest.

You and your undergraduate research students are invited to participate in the 10th Annual College of
Science Undergraduate Research Colloquium (URC)

This year's Earth Month:

"The Power of Our Present: Mapping Change, Healing Earth"

Hear from students, researchers, and community members who are working towards sustainability and
a just future.
