September update

KEEPING YOU IN TOUCH

We hope your Tiger is enjoying their fall semester so far! Check out these [virtual resources](#) to help launch them into a successful semester, both mentally and physically! We also encourage you to review the [Levels of Care for your Tiger's Emotional Wellness](#).

Virtual Involvement Fair

Does your Tiger want to get involved but is not sure where to start? Joining an organization yields resume-worthy experiences, establishes networking skills, and provides students the chance to find their place on campus! LSU has over 400 student organizations, and we're here to get students connected outside of the classroom. This semester we are bringing our students together virtually within the TigerLink engagement platform. Representatives from student organizations and clubs will be here to help them find their fit. Come meet our incredible student leaders as we continue to build a great campus community together. Three time options are available! Visit lsu.edu/campuslife to see times and sign up!

LSU is committed to providing the most up-to-date information regarding COVID-19 and our roadmap to fall. Below are several helpful links:

A NOTE FROM THE PRESIDENT

Dear LSU
Families,

The start of the fall semester is always an exciting time for our LSU Family, especially in a year as unprecedented

as this one. The ongoing pandemic has changed campus life, and last week's hurricanes disrupted our first week of classes—but they haven't diminished our Tiger spirit.

Moving forward, the health and safety of our students, faculty, and staff will continue to be our top priority. To that end, it's vital that everyone in our campus community continues to follow all health and safety protocols, use our [TIGER Check COVID-19 Monitoring System](#) daily, and get tested.

Virus testing is a critically important part of our plan to monitor COVID-19 on campus and maintain a safe environment. The more we know about the health of our campus community, the more impactful we can be in our efforts to contain the virus. If your student has not taken advantage of the opportunity to get tested, please encourage them to do so as soon as possible.

LSU has four COVID-19 Testing Center locations on campus that are open seven days a week. You can get more information about testing center hours and schedule a test at lsu.edu/roadmap/health/testing.php. While health insurance is required, LSU is committed to providing all students with testing regardless of their ability to pay.

To keep everyone informed, we are updating the number of positive cases reported on our campus on our [Roadmap to Fall website](#). Please know that the numbers indicate when a positive case was reported to us, not when the virus was contracted. While we are not disclosing personal information about anyone who tests positive, due to privacy concerns, we are conducting contact tracing and notifying those who have been in close contact with someone who has tested positive—including everyone who lives in the same residence hall or works in the same office as someone who tests positive. We are prepared to accommodate students who test positive and provide any assistance needed to help ensure they're able to safely isolate or quarantine, regain their health, and stay on track academically.

Thank you for your continued support of LSU as we continue to adjust how we live and learn on campus to keep our community as safe as possible. This is truly a semester unlike any other that's come before it, and I understand that means there's going to be more anxiety and frustration than usual. I know it's not an easy time to be a parent of a child who's in college, and I promise you that none of us at LSU takes the trust you've placed in us for granted. Your child's health and well-being will always be our number one priority.

Warmly,
Thomas C. Galligan, Jr.
LSU Interim President and Professor of Law
