Volunteer for Fall Campus Blood Drives

Community Blood Center (CBC) is interested in partnering with Miami student organizations to help participate, recruit, and volunteer at campus blood drives. Blood Drives are a great avenue for students to earn community service hours, partner with a non-profit, and help save the lives of people involved in traumas, surgeries, and cancer battles. CBC has been coordinating blood drives at Miami for over 40 years! Student organizations interested in sponsoring a blood drive should contact Sandy Baur, Account Representative at sbaur@givingblood.org or 513-240-7143.

Blood drives occur in the Heritage Room on the 3rd floor of the Shriver Center from 11:00am-5:00pm. Schedule appointments at www.donortime.com Sponsor Code: 963.

We need sponsors for all of these upcoming blood drives:

Tues, Oct 2	(large drive combined with the faculty and staff – 10am-5pm)
Thurs, Oct 18	(11am-5pm)
Wed, Nov 14	(11am-5pm)
Thurs, Nov 29	(11am-5pm)

Spectrum Pride Panels

Pride Panels provide insight into the lives of real LGBTQ+ people who go to Miami in a way that allows people to ask questions honestly and without fear of judgment. Pride Panels are about facilitating conversation and practicing Love and Honor. At a Pride Panel, members of Spectrum come and answer questions about their lived experiences as LGBTQ+ people, both relating to topics you want to cover and about life in general. After brief introductions and setting some ground rules, the floor will be opened to questions; students often submit questions anonymously ahead of time as well as having an open Q&A.

Pride Panels have been very successful across the board, and Spectrum has received positive feedback from students and professors alike. Students walk away feeling as though they have a new perspective on LGBTQ+ issues, as well as a better understanding of the ways LGBTQ+ students experience life on campus and off.

If you would like to schedule a Pride Panel or would like more information, please contact Viengsamai Fetters, Education Chair for Spectrum, at spectrum@miamioh.edu.
