### **ESR Finance Systems Update: From Stabilization to Optimization**

Two years ago, UC San Diego implemented our new finance systems during a stressful pandemic. While our systems are now functioning as intended, the campus community is still adjusting to this new way of operating. In our recent quarterly survey of Oracle users and faculty/researchers, we heard resoundingly that while there has been slight progress in the majority of areas, overall this stabilization period has taken too long and caused an immense amount of frustration. We are truly sorry this delayed stabilization period has caused so much pain and instability. In order to address ongoing concerns, we plan to transition into the next phase focused on process and system optimization.

## Procurement Card Notification Email Enhancement

Starting on June 13, you may notice a change in the Concur notification emails for **Procurement Card transactions**. We have made changes to the frequency of when these notification emails will go out. In addition, we have also changed some of the language within the emails to provide more clarification on what action is being requested. As of June 13, the frequency for Concur notification emails for the Procurement Card will be as follows:

- For Procurement Card Expenses or Expense Reports that have the status **Unassigned, Not Submitted, Not Approved** at:
  - 15 days: one notification email reminder will be sent to the Cardholder and Delegate
  - 25 days: one notification email reminder will be sent to the Cardholder and Delegate
  - 30 days: every 2 days, a notification email will be sent to the Cardholder and Delegate to take action
  - 45 days: every weekday, a notification email will be sent to the cardholder and delegate to take action
- **Why are these emails being sent?**
  - To remind Cardholders that there are unassigned transactions, transactions on an unsubmitted Expense Report, or an Expense Report is pending approval
- **What do I need to do?**
  - Ensure that all Procurement Card charges are assigned to an Expense Report. Then, submit the Expense Report and ensure it receives proper approvals
  - These notification emails will **ONLY** go to the **Cardholder** and **Delegate**
    - Unfortunately, Concur configurations do not allow for us to include the Supervisor, Department Administrator (DA) or Financial Unit Approver
  - An Expense Report is considered complete when these status in Concur states **Sent for Payment** or **Processing Payment**

To find out what the different Expense Report statuses mean, visit the [Procurement Card FAQ Blink page](#).

# BI & Financial Reporting

## **Enhancement: Faculty and Researcher Dashboard**

The name selection on the Faculty and Researcher Dashboard has been enhanced to include AD username in addition to Last and First names. In the previous state, portfolios of faculty with the same first and last names were being blended together. Addition of the username delivers the portfolio of projects associated with the specific PI, project manager, or task manager. This impacts users logging in as well: users with the same first and last name as another user will see only awards, projects, and tasks associated with their own username.

## Tips & Tricks

### **Personal Travel Dates During a Business Trip**

Thinking of adding some personal travel dates during your business trip? No problem! Just make sure that the required documentation is provided when submitting your Concur expense report. Per UC Travel Policy G-28, comparable airfare is required when personal time is used while on business travel status. The traveler is eligible to receive reimbursement for whichever amount is lower. Please reference this Blink page for [Travel Policy on Air Travel](#).

For additional questions on how to gather comparable airfare, please [submit a ticket through Services & Support](#).
