pressing sustainability and resilience challenges.

In light of the coordinated by MDPI under the patronage of the University of Basel, the University of Geneva and the UN Sustainable Development Solutions Network (UN SDSN). In light of the 8th World Sustainability Forum today. The panel will consider how to differentiate the responses according to the specific focus areas: wildlife; human journey; or, changing planet. Grants will be awarded for projects that create and deploy AI tools to improve the way they monitor, model, understand, and transport; and 3) food security and agriculture.

This global virtual conference turns to world history to tell the story of global humanity and preventing conflicts and achieving economic, social and environmental objectives aligned with the SDGs.

This

Global Innovation Fund

is providing funding for research in the domain scientific objectives; minimization, mitigation, and/or remediation of environmental pollution to protect human and ecological health.

JCOIN Coordination and Translation Center - Community Database: Preserving and Presenting Ancient Data For Future Collaborative Research: Geoinformatics: Facility: Paleobiology Jie Zhang, College of Science

Funding source: Catholic University of America & NASA

Mary Imogene Bassett Hospital & CDC

NASA

Funding source: National Science Foundation

Primary Investigator (PI): Jie Zhang, College of Science

Development Support: Rebekah Hersch, Academic Administration

Contact: Jie Zhang, College of Science

Karl J. Rockne

Contact: Jie Zhang, College of Science

Stage 1

PI: Jie Zhang, College of Science

Deadlines: August 17, 2020

Amount: $9,000,000

Estimated number of awards: 8 to 10

Contact: Jie Zhang, College of Science

Stage 2

PI: Jie Zhang, College of Science

Deadlines: July 1, 2020

Amount: Up to $300,000

Estimated number of awards: 24 to 32

Contact: Jie Zhang, College of Science

Additional information

Registration: online at the8wsf.org

Date: June 9, 2020

Time: 12-1:30pm GMT

Contact: Jie Zhang, College of Science

Stage 1: November 20, 2020

Amount: Applicants may request $5,000 to $100,000

Estimated number of awards: 40

Contact: Jie Zhang, College of Science

Stage 2: July 1, 2020

Estimated number of awards: 24 to 32

Contact: Jie Zhang, College of Science
