Anticipated Timing of FY22 Allocations
The Internal Controls & Accounting (ICA) central office is planning to process FY22 allocations in October this year. UCOP expects the system-wide financial statements to be issued at that time, and we expect to process allocations once we know that Period 13 can be closed.

We plan to announce our progress on the allocations in late September once we have established the timing to close Period 13. Once allocations are posted in Period 13, your FY22 revenue and expenses are allocated back down to the FinUnit and Project level in account 300000.

Please note that UCOP requires us to not post activity to account 300000 during the fiscal year because it will affect the net position balance on our campus financial statements. Please consult ICA, if you are encountering any issues regarding account 300000.
