Can entrepreneurship save our economy?

Introducing ENTP 340: Inclusive Innovation

RSVP by Monday, November 16, 2020

Please provide an email with your registration to receive the event Zoom link.

To secure your reservation, click here .

You may have noticed some changes in ENTP.

Kate Jackson

Co-Director of Entrepreneurship and Innovation

For our Foresters,

Please enjoy this newsletter and join us as we tour the OC, celebrate Global Entrepreneurship Week, and explore the power and importance of teaming essential in any entrepreneurial venture.

Director, Entrepreneurship and Innovation

As Co-Directors this fall, we are a great example of 1+1 = 3 and a model for the desire and drive of our ENTP students to meaningfully contribute to the world.

Trish Thomas

Entrepreneur in Residence (EIR), and I will transition into the role of sole interim director. As Co-Directors this fall, we are a great example of 1+1 = 3 and a model for positive change, creativity, collaboration, and learning.

Professor Trish Thomas and I are excited to welcome new Oppenheimer Center, (2) a Global Entrepreneurship Week conversation with former Oprah producer/writer and local entrepreneur, Lisa Weiss. Lisa has spent two decades crafting and telling stories with Oprah Winfrey, three-time Emmy winner and entrepreneur Lisa Weiss, and (3) an introduction to our new Oppenheimer Center, and for everyone in our entrepreneurial ecosystem.

You're the Oppenheimer Center for Entrepreneurship and Innovation

The Oppenheimer Center launched in honor of a gift from brothers Jim '65, Harry '66, and Ted Oppenheimer offers a vibrant new space on campus for startups that bring ideas to life, drive economic growth, and expand human welfare.

The desire and drive of our ENTP students to meaningfully contribute to the world

Although we continue to be physically separated, our faculty has worked hard to forge relationships and make purposeful connections this semester so that students can think, do, and share, including open lounge and work areas for collaborative problem-solving.

The Oppenheimer Center named in honor of a gift from brothers Jim '65, Harry '66, and Ted Oppenheimer offers a vibrant new space on campus for
