We are thinking of you and your families during these challenging times, and hope to hear from you.

The desire and drive of our ENTP students to meaningfully contribute to the world in this time is undeniable. I see it in my classes every day. Our students find solutions to problems worth solving and partner with us to mobilize the resources to solve those problems.

Through the power and importance of teaming essential in any entrepreneurial venture, the ENTP experience continues to fuel problem-solving, innovation, and learning.

The Entrepreneurship Center named in honor of a gift from brothers Jim '65, Harry '66, and Ted Oppenheimer offers a vibrant new space on campus for startups that bring ideas to life, drive economic growth, and expand human welfare.

The Oppenheimer Center launched its first annual Global Entrepreneurship Week this year highlighting the importance of entrepreneurship and innovation around the world.

On November 16-22, the Oppenheimer Center will host a variety of events where ENTP students and faculty working on new ventures can present their ideas and learn from others.

In the month of Thanksgiving, we give thanks for you, our students, our faculty, our donors, our alumni, and our friends. Please enjoy this newsletter and join us as we tour the Oppenheimer Center, celebrate Global Entrepreneurship Week, and launch inclusive innovation.

Looking for more?
 Visit the brand-new Oppenheimer Center (OC). Go inside the brand-new Oppenheimer Center (OC).

To express our gratitude, we extend three special invitations: (1) a tour of our brand-new Oppenheimer Center, and for everyone in our entrepreneurial ecosystem, we will offer a ticket to Entrepreneurship and Innovation Arising out of a Global Pandemic: The Power of Team in Times of Crisis Zoom Webinar.

We hope you will join us and enjoy these special events.

Kate Jackson
Co-Director of Entrepreneurship and Innovation
