Redtail featured at WealthTech Club

Vasy! Soloshchuk recently traveled to our headquarters in Sacramento, spent some time with CEO Brian McLaughlin, and featured Redtail and Brian in two pieces on the *WealthTech Club* website, [Redtail: The Evolving CRM System Built for Financial Professionals](#) and

[WealthTech Insights #67 with Brian McLaughlin: What can Replace All-in-one Solutions?](#)

Texting your clients? Read this first

Dusty Russell, Relationship Manager at Redtail, had a piece published over at *InvestmentNews* in July that offers advisors a healthy handful of dos and don'ts when it comes to texting in an advisor-client relationship. [You can read that here.](#)

Female Advisor Network offers discounts from top tech vendors

Redtail is proud to be one of the original technology vendors offering pricing discounts for female advisors who join Nina O'Neal's recently launched Female Advisor Network. We're excited for Nina and look forward to seeing this organization grow and thrive! [Learn more here.](#)

Technology: Possibilities, limitations and why you still need leadership

"You can't shortcut the very human-dependent elements of your business simply because your technologies allow you to streamline some of those activities which don't require a human's touch." Read this and other leadership insights from Redtail CEO Brian McLaughlin [in a recent piece by Terri Williams over at The Economist.](#)

What's New in the CRM?

We've added the ability to create Opportunities from voice dictation messages sent to Redtail from Mobile Assistant or CopyTalk, as well as a significant number of updates for Workflows, Reporting, Notes and User Experience. You can read more about those and our other recent updates to the CRM via our Release Notes [here.](#)

What's New in Integration?

[MyBlocks](#), from Envestnet MoneyGuide, is designed to create a meaningful and personal experience for clients that promotes productive financial conversations. Details for this integration with Redtail are available [here.](#)

The [Orion](#) integration with Redtail now features two-way syncing of contact data between linked households in the two platforms. Details for the integration are [here.](#)
