The ISE Newsletter provides up-to-date information on conferences, funding opportunities, and pressing sustainability and resilience challenges.

If you are interested in submitting any of your current research, abstract submissions are now open. There are several different options – Paper presentation, Poster presentation, Session presentation, and Panel discussion. The deadline for submitting an abstract for each option is 31 March 2020.

Epidemic Preparedness: COVID-19 Funding Call

The Centers for Disease Control and Prevention (CDC) and the Department of Health and Human Services (HHS) are issuing this Notice of Special Interest (NOSI) to highlight the Public Health Emergency Fund (PHEF) and its separate component, the Research and Countermeasures Fund (RCF), for funding research in support of COVID-19. A separate RAPID (Research and Policy Activities, Development, and Implementation) track has been added to the call. RAPID offers up to $2,500,000 in funding for low-cost, high impact research that can advance public health during this time of public health crisis. The RAPID track is due 17 March 2020. A second deadline of 30 April 2020 is available for submitting proposals. Additional guidance has been added to the solicitation.

3.2 Other Emerging Funding Opportunities

We will be updating our site frequently to add other available opportunities. If you want notifications on new updates, please sign up below.
