**Wednesday, April 20, 2022, 7pm – 8pm ET**
**Microbes as Messengers of Coral Health and Disease**

**Wednesday, April 20, 2022, 3pm – 4:15pm ET**
**Living Native American Histories Across Generations**

**Wednesday, April 20, 2022, 7pm – 8pm ET**
**Mason Vision Series: Native knowledge holders as partners in scholarship, Dr. Gabrielle Tayac engages with research and shaping present-day societies. Too often rendered exotically remote and stereotyped in how they are portrayed in the academic world, Native American scholars are working to revolutionize our understanding of the history, culture, and struggles of Native peoples. Dr. Tayac will provide an overview of Native American history and its influences on present-day societies.**

**Wednesday, May 4, 2022, 2pm – 3:15pm ET**
**Registration**

**Friday, April 22, 2022**
**Hear about the latest findings surrounding hot topics in science and medicine that affect our region, with a vision of a standing forest, flowing rivers bioeconomy based on local and regional food sources, and a vision for the future of the region, with a focus on the health and resilience of the ecosystem and its people. Speaker(s): Dr. Beka Munduruku, Dr. Seth Mathias of Mason’s Center for Sustainability, Dr. Leticia Peña, Dr. Gabrielle Tayac, and Dr. Michael Costales.**

**Monday, April 18, 2022, 1:30pm – 3:00pm ET**
