U.S. Bank Access Online Mobile is designed for commercial card customers who want secure, anytime access to their U.S. bank account. This service allows customers to view their account status, check balances, pay bills, and make transfers. However, if you attempt to make any edits while the status is set to Closed, you will not be able to do so until you change the status back to Active.

If you have questions about the status of your card, please contact your bank directly. We recommend using the resources provided by your bank to ensure a smooth experience.

The Support Framework: Your Guide to Finding Help

For additional support, you can reach out to your bank's customer service team. They will be able to provide you with the information you need to resolve any issues you may be experiencing.

About the Budget vs Actual Report: FTE, Salaries and Benefits – Year End Variance

The Budget vs Actual Report provides a detailed comparison between the budgeted and actual figures for FTE, salaries, and benefits for the year-end period. This report is designed to help you identify any discrepancies between the two figures and take appropriate action to reconcile them.

The report includes a table that displays the budgeted and actual figures for each category, along with a percentage variance. Additionally, there is a section for reconciling any variances that may have occurred during the year.

The following enhancements have been made to the Expanded Project Summary:

- Added drillthrough to Transaction Details report on Expenditure by Month table.
- When entering a date range for sponsored projects, you can choose whether that date range applies to the Accounting period or the Fiscal period.
- The Award Anticipated Amount has been added to the top section for sponsored projects. This amount is the total amount anticipated to be spent for the project.
- Balances are now calculated as Budget – Costs.

For more information about these enhancements, please refer to the report.

Learn how to submit event payment requests and employee reimbursements via Concur.

This course will include an in-depth explanation of topics covered in the Concur Travel and Expense eCourse. You will learn how to arrange for prepayment of fees, such as registration, and how to ensure that your expenses are reported accurately.

Enhancement Release:

- Added a row to the Expense by Month report for sponsored projects.

The course will be especially valuable for employees who host meetings and events and want to ensure that their expenses are accurately reported.

Budgeted Positions Report

This report provides a detailed overview of the budgeted positions for each fiscal year. It includes information about the number of positions budgeted and the amount of funding allocated for each position.

The report is designed to help you understand the budgetary constraints for each fiscal year and make informed decisions about hiring and staffing.

The Award Anticipated Amount has been added to the top section for sponsored projects. This amount is the total amount anticipated to be spent for the project.

The U.S. Bank Access Online Mobile App is compatible with devices that run on Apple IOS 10 or higher or Android 6.0 or higher. The app is designed to provide you with secure, anytime access to your bank account.

To access the app, simply download it from the App Store or Google Play Store and log in using your bank credentials. Once you have logged in, you can view your account status, check balances, and make transfers.

Our goal is to deliver timely information that matters to you. If you have any questions or concerns, please do not hesitate to contact us. We are here to help you.
