New Feature: Oracle PPM Cost Transfer is Live

A cost (expense) transfer occurs when expenses are moved from one account to another after they have been recorded in Oracle Financials (OFM). The new Oracle PPM cost transfer functionality will allow users to initiate transfers for transactions from Project to Project, Task to Task, and from one Task to another Task. Single Project to single Project transfer requests to the GL and not in PPM, was fixed. IPPS is continuing to work on the remaining three payables ledger discrepancies.
