IPPS Office Hours Schedule

The Managerial Reporting Account Hierarchy is Getting a Refresh! A campuswide workgroup reviewed the existing Managerial Reporting Account Hierarchy to ensure that account numbers were falling under the appropriate hierarchy to reflect the over 200 budget accounts. The new account groupings that were identified were all part of the new OFC environment. This has been an extensive and time-consuming process given the complexity of the various business needs across the organization. Generally, net positive total should not change from the prior version of the hierarchy to the new version. The priority change is the addition of capital equipment accounts, so that reports no longer need to point to both the standard and managerial hierarchies at the same time. There were minor shifts between the Total Resources and Total Expenses parent groupings as well as the inclusion of additional parent groupings relative to prior structure.

Impacted BAH Reports:
