

November 2024

The Office of Undergraduate Research is thankful for our communities who are supporting research across the disciplines. The University of Utah has both historical and contemporary relationships with Indigenous peoples. Given that the Salt Lake Valley has always been a gathering place for Indigenous peoples, we acknowledge that this land, which is named for the Ute Tribe, is the traditional and ancestral homelands of the Shoshone, Paiute, Goshute, and Ute Tribes and is a crossroad for Indigenous people. To read more about the Indigenous acknowledgement visit [here](#). We acknowledge the important research done by Native communities, and are highlighting one of our program partners: [NARI](#).

Wellness and research matters to the Office. Please connect with campus resources with the [Wellness Center](#) if you or a student you know needs support.

As a reminder, if your students have not registered for the Utah Conference on Undergraduate Research, the deadline is today [Click here for more info](#).
