

"What thoughts are to the individual, art is to the community as a whole. That's where you reflect on who you are, who you hope to be, what you've gone through, and where you hope to go."

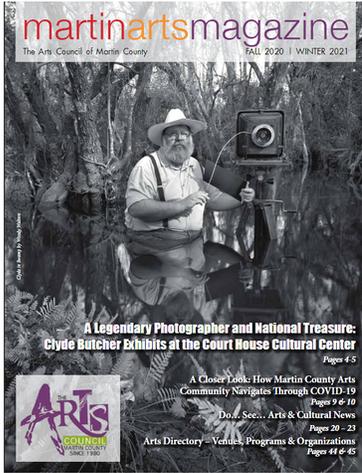

— Wendell Pierce

Arts Center at Stuart High School - Project Update

We are one step closer to achieving a long term goal to create a cultural campus in downtown Stuart. Last week the Martin County School Board voted unanimously to allow **Straticon Construction** 60 days, starting April 1st to inspect and evaluate the historic buildings for renovation and repurposing as an arts, cultural and destination center. This inspection period will indicate how much funding will need to be raised, determine feasibility, and become the foundation needed to launch the capital campaign to renovate.

The two acre site is ideal for our needs and is situated at the east end of the of the City of Stuart and will be near City Hall once it relocates to the building across from Memorial Park. The campus will enhance opportunities for creative learning with Stuart Middle School students and the future Boys & Girls Clubs, also to be located nearby. Adaptive reuse of this facility keeps the public space open for the whole community and celebrates its legacy form 1923-1964 as a school to our community's youth.

Featuring Panelists:

Duncan Hurd, The Gilt Complex

Susan Kores, Martin

As is true across the board this year, nothing is quite as we have done it

before. So, to honor our Student mARTies Award Nominees we have elected to host an evening at the Barn Theatre in Stuart for the nominees and their guests while we livestream the

production to a larger audience. We will maintain a 50% cap on the audience, about 80 seats, so the in-person audience will largely be the families of our student nominees.

Watch your email for a link to join in the livestream on April 28 at 7 PM. Donations in support of our efforts to celebrate student artists at the Class of 2021 mARTies are appreciated.
