

VALPARAISO
UNIVERSITY

Dear Faculty and Staff,

Thank you for all you have done and continue to do in support of our students. I realize appreciate your dedication and hard work getting to this point to start the semester.

I am emailing today in my role as Dean of Students to discuss the process for holding students accountable that may be violating our [COVID-19 Code of Conduct](#). I would ask that you have initial conversations with the student regarding correcting the behavior of concern. But if the behavior continues, please fill out the COVID-19 Community Concern Form. Someone from our office will then contact the student with additional outcomes. The link to the form can be found [here](#).

Please let Associate Dean Ryan Blevins or myself know if you have any questions or concerns.

Julie DeGraw

Vice President for Student Life and Dean of Students
