GW VOTES

Today is National Voter Registration Day-Do it!

For many of you, this year is your first time voting. So for others, always doing it has been a way of life for quite some time. Either way, this is the time to register now! You have had the opportunity to vote before but now you have a chance to either vote for the first time or to vote again! (Remember, if you need to change your address, you might have to update your registration before you can vote!)

Today is National Voter Registration Day! Register at https://voter.gov or visit your local board of election offices to register. For more information on how to register, visit https://voter.gov/.

For many of you, this is your first time eligible to vote. For others, voting is something you have been doing for a long time. Either way, NOW is the time to make sure you have a plan to vote so you can be #VoteReady before the 2020 election.

“People who don’t participate in elections are a lost generation. They are doing a disservice to the country,” said Ruth Bader Ginsburg. We agree! Join us today for our Virtual Voter Registration Drive.

For a limited time, you can talk to trained student volunteers who can answer your questions about voter registration and help you register to vote.

What is your plan to vote? You can vote in person at a polling place or you can vote by mail.

Die Tragedie der Daramusa

”If you want to be a true professional, you will do something outside your field that is not related to your practice and help others. Always help others. That is what I think a meaningful life is about.” - Ruth Bader Ginsburg
