If you are interested in being referred for the Knowles Teacher Initiative, please reach out to thomas.mccormick@gwu.edu or by phone at (202) 994-2823. If you are able to, have one camera for your face and another for the whiteboard. This will help the teacher to see the students' faces and the whiteboard simultaneously. Students can access Miro at https://miro.com to create whiteboards, discussion boards, and labs/simulations. Teachers and students can use sticky notes, shapes, and other tools to display their work!
