A NOTE FROM THE PRESIDENT

I write today to touch on several topics as we begin the last month of the semester. First, I want to acknowledge the hard work and dedication of our students, faculty, staff, and parents. As the end of the school year approaches, we are fortunate to have a relatively low COVID-19 case count on campus. We are currently at 14 active COVID-19 cases on campus, 12 of which are students. This fall, we have tested over 6,000 students and faculty members with only 19 positive results. These numbers reflect the efforts of our students and employees to practice social distancing and wear masks, and the benefit of our rapid testing program to identify and isolate positive cases before they can spread the virus.

The quality of our online instruction continues to improve. The faculty has been working hard to deliver high-quality instruction this semester. This has been a learning experience for everyone, including faculty, students, and parents. I encourage you to continue to support our faculty in their efforts to deliver the best possible instruction.

The geaux big event has been a great success and a testament to the love and dedication of our students. Since its inception in 2013, LSU students have donated over $746,718 to the LSU Food Pantry. These donations have helped students in need during the COVID-19 pandemic. We are proud of our students and their commitment to service.
