March 1 - June 27: Louisiana's National Treasure: Margaret Stones, Botanical Artist

March 2-5: Same Community Lease

Dear
LSU
Families,

Greetings. Over the past month, I have been traveling across the state, meeting with students, faculty and staff at LSU's various campuses, as well as alumni, legislators and community leaders, from Shreveport and Alexandria to Lafayette and New Orleans. I have also been to Washington, D.C., and Dallas, and during my travels I have found that the most useful thing I can do is listen. LSU's stakeholders across Louisiana all have fascinating perspectives, experiences and ideas, and by listening to them and their suggestions for our university, I am better able to chart the course for LSU that we will share together over the coming months.

My two main areas of focus for LSU are stability and progress. We are in a stable place right now. Our funding has been more consistent over the past couple of years, and the university is achieving academic success on many levels. Having spent more than 15 years at LSU over two tours of duty, I can honestly say that the quality of our faculty and the student body has never been stronger than it is right now. In short, our flagship university is in a good place. We are trending in the right direction, and stability clears the way for us to move forward on a path of increased success. By working together to build upon the progress we've made in recent years, we can elevate LSU to new heights.

Geaux Tigers!

Sincerely,
Thomas C. Galligan Jr.
LSU Interim President
