A VOTE FROM THE PRESIDENT

Dear Parents and Families,

Happy February! As we begin another month, I want to take a moment to thank you for your support of our students, faculty, and staff. Your dedication to the success of our university is truly inspiring.

One way we can all work together to support our students is by helping them understand the value of a college education. I was recently asked to participate in a panel discussion with Dr. Jeanette Brown, the President of the American Council on Education, and one of the questions we discussed was the importance of higher education for the future of our country.

Dr. Brown explained that higher education plays a vital role in providing opportunities for individuals to succeed and contribute to society. She emphasized the need for all levels of government to support higher education, as it is a key driver of economic growth and innovation.

I could not agree more. That is why I urge you to continue supporting your student’s education by encouraging them to pursue their goals and aspirations. Whether it be through financial assistance, career guidance, or simply being there to offer support, your role as a parent or family member is crucial.

Thank you for all that you do. Together, we can ensure that our students have the best possible experience at LSU.

Sincerely,

F. King Alexander
President of LSU
