As we glide into summer, here are a question to ask your college student or the beginning of the end of their college academic year on the right foot, whether it's their first day as a student, a new job, or a career. Encourage them to stay engaged with their studies. Encourage them to stay connected to their academic institution. Encourage them to stay committed to their goals. Encourage them to stay focused on their future.

No matter where your Tiger falls on the summertime continuum, please remember to help them to get ahead of the fall semester. Get a head start in engineering! Visit lsudining.com for more information.

Thank you for trusting us with your Tiger. We can't wait to see them back on campus in the fall.

Sincerely,
