When credit memos are created in PPM, the billing event on which the original invoice is based is tied to the former
recently selected values under the section When entering chart string information, Concur will save recent selections and display them at the very top of your search results – under the section Recently Used.

Keep in mind that previously selected values under the section Our goal is to deliver timely information that matters to you.

Recent, Financial Unit Approvers for UC San Diego Health have had their email addresses tied to the former
emails as a valid approver. To determine the most current, up-to-date status. This course will be especially valuable for individuals responsible for departmental
San Diego requisitions and POs, closing POs, processing non-PO payments, and checking invoice

Contractor management Office Hours

Watch recorded office hours and more on our UC San Diego Budget & Finance YouTube channel.

Oracle Catalog Updates

If the catalog number has been removed by the supplier from their hosted catalog in the Oracle Procurement catalog to re-add the item to your shopping cart or shopping list

If an item is deactivated or removed, you may try searching by the catalog number again

In Concur, this updates the email

Our goal is to deliver timely information that matters to you.
