Reminders of NIH Policies Related to Closeout

The Payment Management System (PMS) where NIH funds are drawn down will automatically reject any request made after 120 days past the period of the performance end date.

- Departments are encouraged to review and prioritize reconciling awards that have ended and use the report that lists all financial reports due that can be found in the SPARCM Dept Portal at https://act.ucsd.edu/sparcm/sparc-dept-home.shtml using the following steps:

  1. Click on Department Dashboard
  2. Select your Department > Click Select
  3. Show “All” entries
  4. Click Excel
  5. The report can be filtered by column:
     1. Waiting: Department
     2. Filter by Action: Final FER awaiting departmental approval

Per NIH guidance, it is suggested that a No Cost Extension (NCE) be processed in the event that additional time is needed to complete the aims of the project or fulfill the closeout requirements at the end of the project period when funds are remaining.

- Departments are encouraged to work with the Office of Contracts and Grants Administration closely, submitting required documents 30-90 days before the project end date, to ensure that NCEs are obtained in a timely manner.
The first NCE request for an award should include the completed, signed FDP form ([https://blink.ucsd.edu/sponsor/ocga/forms.html#Award-Forms](https://blink.ucsd.edu/sponsor/ocga/forms.html#Award-Forms)), and a copy of the IRB or IACUC approval letter if applicable. If additional extensions are needed, please contact your OCGA Officer for specific instructions.

If a revision on the final Federal Financial Report is necessary:

- The Authorized Organizational Representative must notify the Grants Management Specialist listed in the Notice of Award for additional guidance (see NIHGPS Section 8.4.1.5.3).
- The notification must indicate why the revision is necessary and describe what action is being taken by the recipient to preclude similar situations in the future.

**Oracle Inquiry Role Update**

As an update to the basic Oracle access granted in recent weeks, we will begin granting additional access through the AR Inquiry and Reporting role. This will affect the same population of users and provide more visibility in Oracle and broader access for reporting.

With the expanded privileges, please remember that UC San Diego is committed to maintaining and protecting privacy for individuals and the confidentiality of institutional information. This requires the handling of information to ensure that it will not be disclosed in ways that are inconsistent with authorized use and its original purpose.

**Oracle Financials Cloud**

**New Business Analytics Hub**
The Business Analytics Hub, formerly known as reports.ucsd.edu, has had a facelift!!! Don't worry - all the Budget & Finance reports are still available in the new Business Analytics Hub. Head on over using the new URL bah.ucsd.edu, and get familiar with the new look and feel!

**Lift PO Commitments in Oracle Procurement**
If you are noticing PO commitments on your PPM ledger, you may lift them by closing out the PO in Oracle Procurement. If the PO has not been invoiced, you may cancel the PO via a change order. If the PO has been partially invoiced, you may reduce the PO to what has been invoiced via a change order. This process is outlined in our KBA on closing Purchase Orders.

**Concur Travel & Expense**

**Providing Delegate Access**
When assigning delegates to your Concur profile, please be sure to check all of the boxes to give your delegate full access to your Concur Requests and Expense Reports. Without this access, they will only see a Blank screen when they go to act as your delegate. Refer to our Delegates KBA for full guidance on assigning delegates.
