CORRECTION: Travel Perks for University of California Employees - Alaska Airline

The University of California Office of the President recently sent out a [promotion](#) from Alaska Airlines that would allow University of California travelers to reach MVP and higher status faster than the public can.

Unfortunately, there was some confusion on the terms and the automatic advancement upon registration was not part of the deal. Only members at regular status will see an upgrade to MVP. Those who are already MVP or higher will be entered in the promotion to EARN a higher tier after they have flown the necessary number of flights.

We apologize for any confusion this may have caused and hope that you are still able to take advantage of the program.
