Financial accounting Best Practices - improving cash flow

Ensure your company has a proper system in place to manage cash flow. This can be achieved by understanding the company's financial statements and using that information to make informed decisions. By doing so, you can improve your company's financial health and reduce the risk of cash flow problems.

Oracle: Buying and Paying for Financial Unit Approvers

For those in financial units, this course is a required prerequisite for registration. The course covers the fundamentals of procurement and payables, including policy and procedures, requirements and responsibilities, and best practices.

Tips & Tricks

- How do I figure out the source of a GL-PPM discrepancy?
  - Can't figure out how to get your direct retro with cap gap to work?
  - See a wire that is not matching the purchase order?
