Financial Accounting Program: Upcoming Information Sessions

We invite you to hear more about the Financial Accounting Program: Upcoming Information Sessions.

We encourage you to share this information with your teams, colleagues, and those who may be interested in participating in the program.

For more information about this update, please refer to the Financial Accounting Program.

The Logistics Request Form, available within the Logistics Portal, now has built-in POETAF validation. The enhancement eliminates accounting errors that may occur if a requester skips the POETAF validation step or provides an invalid POETAF.
