Announcements

Oracle Cloud Scheduled Maintenance
Oracle production environment will be down for maintenance on Friday, October 14, 2022 from 7:00pm through 12:00am.

Logistics Portal Enhancement – POETAF Validation
The Logistics Request Form, available within the Logistics Portal, now has built-in POETAF validation. The enhancement eliminates accounting errors that may occur if a requester skips the POETAF validation step or provides an invalid POETAF string. The link to the external POETAF checker has been removed from the Logistics Request Form as it is no longer needed. Clients now have the assurance that the project and task, and funding source (if applicable), will be validated before the form is submitted. For more information about this update, please refer to the Logistics Request Form - POETAF Validator KBA. The Logistics team can be reached via Services & Support should you have additional questions.

Reminder!

Financial Accounting Program: Upcoming Information Sessions
We invite you to hear more about the Financial Accounting Program by attending an upcoming Information Session for the following dates. Please register using links below:

- Tuesday, October 25, 2022 @ 10:00am - 11:00am
- Thursday, October 27, 2022 @ 2:30pm - 3:30pm

We encourage you to share this information with your teams, colleagues, and those who may be interested in participating in the Financial Accounting Program. We appreciate the partnership with UC San Diego Division of Extended Studies and the support from supervisors across campus.

Oracle Tax Engine Update
The tax engine associated with the Accounts Payable Invoices module has been updated to calculate tax separately at the state, county, city, and district level. You may notice in your ledgers as a result that there are more tax lines than you are used to. As a tip, to see the full tax amount try downloading the transactions to Excel and consolidating the tax lines.

IPPS Hot Topics
In case you missed it, you can review our latest Hot Topics session about the travel landscape and benefits on YouTube. Don’t forget to register for our upcoming session this month on recent changes to Oracle Procurement search functionality!

Training & Support

Watch recorded office hours and more on our UC San Diego Budget & Finance YouTube channel.

Internal Controls Office Hours

Tips & Tricks

Want an easy way to manage your receipts while on the go?

There are two ways you can do that: download the SAP Concur Mobile App from the App Center once you are logged in to Concur. For more guidance on how to upload your receipt images through the mobile app, please reference the How to Manage Receipts with the Concur Mobile App KBA.

Another option is to use your email to send the receipts directly from your mobile phone to your Concur profile. You would first need to verify your email in Concur under Profile Settings. The system can associate information forwarded from that verified email address to your Concur account. To verify your email address:

1. Go to your Profile Setting and then select Email Addresses under the “Your Information” section.
2. You will see your work email address already listed on your profile.
3. Click the Verify link. This will trigger the system to send a verification email to the inbox of the address you are verifying.
4. Check your email inbox for an email from concursolutions.com with the Subject Line: Email Verification.
5. Open the email.
6. The email will contain a verification code specific to this email address. Copy the verification code.
7. Navigate back to Email Addresses section of your Travel profile.
8. You will now see a field labeled Enter Code. Paste the copied code into this field.
9. Under Verify click OK.

Once the email address has been verified, you’ll be able to forward your receipts to receipts@expenseit.com which will be uploaded into your Available Expenses. ExpenseIt attempts to categorize the receipt data to auto populate expenditure amounts, vendor information, and expense types.
The Support Framework: Your Guide to Finding Help

Learning all there is to know about budget & finance can feel daunting.

The **Support Framework** is designed to help the Budget & Finance community, including faculty or staff with financial responsibilities, identify their resources based on the following questions:

- What can I do **on my own**?
- Where can I **get help**?
- Who can **help escalate**?
- How do I **suggest enhancements**?

Bookmark or download a copy for quick links to various resources available to you.

Each Tuesday, the Weekly Digest provides important updates related to Budget & Finance, including Oracle Financials Cloud and Concur Travel & Expense.

*Our goal is to deliver timely information that matters to you.*
