Closing Legacy Purchase Orders
Legacy Purchase Orders (POs) are orders which originated in Marketplace prior to June 2020 and begin with a 9. As these POs are now a couple years old, and the general lifecycle of a PO should be one year, IPPS (Integrated Procure to Pay Solutions) would like to consider closing all outstanding legacy POs. Please complete our poll to provide feedback on whether we should or should not move forward with doing so.

Update on UC Annual Financial Report for Fiscal Year 2022
Internal Controls & Accounting (ICA) is pleased to announce that the UC Office of the President (UCOP) has presented the 2022 UC Annual Financial Report to the UC Regents on Wednesday, November 16th. Thank you to all of our partners across UC San Diego, in Foundation, Health Systems and Campus financial offices and departments, who contributed to the fiscal closing process.

All of our work and collective contributions have led to the publication of this system-wide financial report. You can view our system-wide annual financial reports published by UCOP here.

Coming up next is the preparation and publication of our campus Detailed Financial Schedules for fiscal year 2021-2022. We hope to have the report complete soon after the December campus closure.

Interlocation Transfer of Funds (ILTF)
If sending ILTF from UCSD to another campus, the December submission deadline is December 10th for processing.
Journal Entry Supporting Documentation
To stay in compliance with UC policy, all Journal submissions are required to have supporting documentation attached to the entry. Journals will be rejected without supporting documentation including chartstring transactions with account 774009 - Fund Balance Transfer (Debit/Credit).

General Ledger (GL) COA Segments Needs VC Approval
For any new GL segment requests or changes to existing GL segments, VC approval with justification is required to be attached to the Services & Support ticket. GL segments include: Account, Financial Unit, Fund, Activity and Location. Internal Controls & Accounting (ICA) will have final review and assessment of the submitted requests. For GL segment Account, new Accounts will be limited because it is recommended to use Expenditure Types for reporting and tracking. VC approval is not required for Expenditure Type requests because it is not a GL COA segment.

Concur Lag Update
Concur is investigating a lag in their service across North American customers. You may experience slowness, errors, or see documents taking a little longer to pass through COA/POETAF validation. We appreciate your patience as we work with SAP Concur to get this resolved.

Pending Card Transaction lines in Concur
A Pending Card Transaction line under your Available Expenses section means that a reservation or travel booking was made in Concur or through Balboa Travel. These expense lines with the Payment Type of Pending Card Transactions are placeholders for the actual expense and do not represent charges to a UCSD Card product. These expense lines should not be added to an Expense Report, and should be deleted to avoid any confusion. To delete those expenses select the box next to the expense line, and then click on the Delete button. Please make sure to only move expenses with the Payment Type of UCSD CTS Air Hotel Card or T&E Card to an Expense Report.

In the example below, the first two expense lines would need to be deleted, and the third expense would need to be moved to an Expense Report to reconcile the charge.

Cost Transfer Workflow Enhancements to Launch on 11/28/2022!
New enhancements to Cost Transfer workflow for departments include:

- The ability to change the billable status: no need to submit a ticket anymore.
- The ability to split and transfer a cost in a single action: no need to do in 2 steps anymore!
- Please refer to ID#20 on the Chancellor's ESR FIS Advisory Committee Main Issues List for tracking purposes.

**Tips & Tricks**

**Closing Purchase Orders**
You can request that any legacy or Oracle PO be closed via Services & Support ticket! If you need to close any POs to lift their commitments, please first confirm all goods and services have been fully paid for on this PO, and no further invoices are expected. Then, you can submit a case via Services & Support (Buying Goods & Services – Oracle Procurement – Revising or Canceling an Order) with a list of POs and a confirmation of the latter statement. All POs submitted before the last week of the month will now be closed and have their commitments lifted in the following month.

**The Support Framework: Your Guide to Finding Help**
Learning all there is to know about budget & finance can feel daunting.
The **Support Framework** is designed to help the Budget & Finance community, including faculty or staff with financial responsibilities, identify their resources based on the following questions:

- **What can I do on my own?**
- **Where can I get help?**
- **Who can help escalate?**
- **How do I suggest enhancements?**

Bookmark or download a copy for quick links to various resources available to you.

Each Tuesday, the Weekly Digest provides important updates related to Budget & Finance, including Oracle Financials Cloud and Concur Travel & Expense. Our goal is to deliver timely information that matters to you.
