The report will include PPM commitments, payroll projections, and balances over time.

This will now be a standalone report accessed directly from BAH; it will no longer reside in the Project Panorama.

A Request will now include a link to the Expense report(s), when there is one associated with it. In the old/current Expense reports are displayed by status (Returned, Not Submitted, Submitted)

Active Requests will show on the "home page" of Requests and they are chronological by creation date whereas

In support of continuous improvement, a new Blink page has been created to help users, both experienced and new, understand the differences between the new Request and current Request.

New PPM Billing features will be launched in PPM starting Monday, September 26:

Invoices Search

- When searching on the Manage Invoices page in Projects and Awards, the Project Number is now available as a search variable, allowing users to search for specific invoices by the project number as an alternative to project name.

- Search by Project Number in Manage Invoices
