Follow-up: FY21 Is Officially Closed
As a follow-up to the announcement that FY21 revenue and expenses were allocated back to the FinUnit and Project level in account 300000, the Campus Budget Office would like to confirm that all the reports and analyses in the Budget and Financial Management Reports Panorama have been updated to pull FY22 Beginning Net Position from the Fund Balance account 300000 for all financial units and projects.

IDC Assessment Moving to Per Transaction
Currently, IDC Assessment is done as a summarized transaction that is assessed daily and calculated based on the days costs and Expenditure Organization. Starting Friday, November 5, the IDC Assessment will change to an assessment per cost transaction. This change will create more individual costs, but will help to reconcile IDC on sponsored projects.

Closing Tasks in Project Portfolio Management (PPM)
When closing tasks in PPM, entering an end date will prevent costs with an Expenditure Item (EI) date past the close date from being charged. To also prevent ANY future costs (even during the task dates), please request that your task be marked as non-chargeable. Task dates are intended to reflect the time period of allowable costs for that activity.
Deadline for Submitting Taxable Travel/Move Expense Reports
Due to payroll reporting deadlines, Expense Reports for employee moves, or trips including taxable payments/reimbursements, must be completed with required attachments and approved by the Financial Unit Approver by **November 8**. Expense Reports with taxable expenses that are submitted after the deadline will be processed for payment in January 2022. For instructions on the move process in Concur, please review [How to Manage a Move Trip](#).
