Note from the Chair

As we approach Give Day, will you join me in giving back to our department to help us achieve our goals and particularly to prepare our students for the challenges to come?

We provided a number of opportunities to achieve this goal and several of our alumni were recognized for their successes. We encourage you to consider investing in our students and the future of biological science literacy through innovative teaching, research and opportunities for weekly news about our students, alumni, faculty and staff. Email us with any questions/comments/suggestions at our email list.

LIFE

LIFE Mission: Inspire and prepare the next generation to solve tomorrow’s biological challenges through integrative teaching, research and opportunities for outreach.

LIFE Goal #1: Lead integrative biological discoveries of the 21st century, and achieve nationally and internationally recognized excellence in research and scholarship.

LIFE Goal #2: Inspire and prepare the next generation to solve tomorrow’s biological challenges through innovative teaching, research and opportunities for outreach.

LIFE Goal #3: Promote a climate of inclusive excellence.

LIFE Goal #4: Inspire and prepare the next generation to solve tomorrow’s biological challenges through innovative teaching, research and opportunities for outreach.

We finalized a departmental strategic plan called LIFE towards integrating biological discoveries of the 21st century and achieving nationally and internationally recognized excellence in research and scholarship.

Recent grants and publications by faculty and students are testament to our efforts to achieve our goals and are highlighted for their successes.

The last year has been interesting and challenging for everyone. Our faculty, staff and students have worked through it and kept our eyes forward. We made time to inspire and prepare the next generation to solve tomorrow’s biological challenges through innovative teaching, research and opportunities for outreach. We hope you are enjoying the spring and new life coming forth.

Thank you for your continued support and engagement with us. Please visit our Facebook or Twitter pages or follow us on Instagram to find out more about the department.

Note from the Chair

Thank you and take care.
