**Oracle Redwood Theme**

We are excited to announce the Oracle Redwood Theme launch! This launch is a significant milestone in our ongoing efforts to enhance the user experience and make the Oracle platform more intuitive and visually appealing. The Oracle Redwood Theme is designed to provide a fresh, modern look that is consistent with the latest design trends and user expectations.

**What is changing?**

- **A shift from icons to tabs on the Oracle homepage**
- **Overall coloring using a different color palette, layout, look and feel**
- **Slightly darker background**
- **New drop-down navigation menu**
- **Updated color schemes**
- **New icons and place holders**
- **Simplified user interface**
- **Mobility-focused design**

**What is not changing?**

- **No impact to any integrations or external systems**
- **No changes to your ability to perform tasks or functions within OFC**
- **No changes to the data within the Oracle applications**
- **No changes to the underlying database**
- **No impact on the IT systems and infrastructure that support the Oracle applications**
- **No changes to any integrations or external systems**

**Oracle Redwood Theme Launch Details**

The Oracle Redwood Theme launch is scheduled for January 4, 2022. The theme will be rolled out in phases to ensure a smooth transition for all users. The launch will start with a mandatory webinar on January 4, followed by a series of training sessions and workshops. The theme will be deployed to all Oracle applications by March 2022.

**Oracle Redwood Theme Benefits**

- **Enhanced user experience**
- **Improved navigation and search functionality**
- **Simplified access to commonly used features**
- **Improved accessibility for users with disabilities**
- **Faster load times and improved performance**

**Oracle Redwood Theme FAQs**

Q: Will the Oracle Redwood Theme be deployed to all Oracle applications simultaneously?
A: No, the Oracle Redwood Theme will be rolled out in phases to ensure a smooth transition for all users. The launch will start with a mandatory webinar on January 4, followed by a series of training sessions and workshops. The theme will be deployed to all Oracle applications by March 2022.

Q: Will there be any impact on the performance of my Oracle applications?
A: No, the Oracle Redwood Theme does not affect the performance of the Oracle applications. The theme is designed to enhance the user experience and improve navigation and search functionality.

Q: Will the Oracle Redwood Theme affect any external systems or integrations?
A: No, the Oracle Redwood Theme does not affect any external systems or integrations. The theme is designed to enhance the user experience of the Oracle applications on its own.

Q: How can I provide feedback on the Oracle Redwood Theme?
A: We welcome your feedback! Please visit our Oracle Redwood Theme feedback page to submit your comments and suggestions.
