Oracle Redwood Launch

We are excited to announce the Oracle Redwood Theme Launch. This launch is a user experience upgrade for all Oracle applications that are part of a larger transition to the new design in July 2021.

What is changing?

Team Members will experience a new look and feel, an updated color scheme, and new functionality within the Oracle homepage. You will notice:

- Slightly darker background
- Dark, global header
- A shift from icons to tabs on the Oracle homepage

What is not changing?

No impact to any integrations or external systems
No changes to your ability to perform tasks or functions within OFC
No changes to the data within the Oracle applications
No changes to the underlying database

How to get started?

Oracle is providing training, eCourses, and resources to support users during the transition. There will also be weekly office hours throughout the budget development period which will end in early April 2022.

Additional Information:

- The 2022-23 campus budget cycle will begin this month with the opening of the Oracle Planning and Budgeting Cloud. Training registration is now open. Please check with your Vice Chancellor area for verification that you are responsible for entering the budget for your area.
- EPBCS Training for Academic Units (with Faculty) – Web Based Application
- EPBCS Training for Academic Units (No Faculty) – Web Based Application
- EPBCS Training for Administrative Units (with Faculty) – Web Based Application
- EPBCS Training for Administrative Units (No Faculty) – Web Based Application
- Oracle Budget: Budgeting Non-Compensation in Smart View
- Oracle Budget: Budgeting Salaries & Benefits in Smart View
- Oracle Budget: Budgeting Non-Compensation for Academic Units
- Oracle Budget: Budgeting Non-Compensation for Administrative Units
