Capital Project - FF&E (Furniture, Fixtures, and Equipment) Approval Workflow Change
Starting May 1, future projects created for FF&E capital project purchases should be created with the department’s Project Owning Organization with the associated Financial Unit. Currently, all capital project FF&E purchases are approved by a centralized department with FinU 9699908. For all newly created FF&E projects, those purchases should be approved by your department financial unit approver.

What transactions will be affected?

- Requisitions.
- Change Orders.
Invoices.
Cost Transfers.
Concur Requests.

What is not changing? All existing capital projects will continue to be under FinU 9699908 and approved by the centralized department, journals, and Medical Center capital projects.

When requesting for capital project FF&E set-up, the Financial Unit Name and Code will need to be included.

When does the Use of Per Diem Apply to your Trip?
For travel Inside of the Continental United States, Per Diem applies for 30 days or more of travel. You can also claim Per Diem for travel Outside of the Continental United States (including Alaska, Hawaii, and US territories like Puerto Rico or Guam) and all foreign destinations.

There are two ways you can claim per diem on your trip:

- **Travel Allowance Feature**: Concur has a built-in feature to help you claim Per Diem called the Travel Allowance Feature. When this feature is used and the dates and locations of travel have been inputted, the system will automatically calculate the appropriate Per Diem rates for the location traveled.
- **Attaching the Published Per Diem Rates**: We understand that there are more complex travel scenarios, so if you do not use the Travel Allowance feature, you will be required to attach a copy of the Published Per Diem rates sheet. This can
be obtained from the [State Department website](#) as your supporting documentation. At time of audit at the Central Office we will reference this document when reviewing your meals and lodging expenses. The Central Office does not have visibility to the published rates when the travel allowance feature is not used.

When claiming Per Diem, please note that per UCOP Travel Policy G-28, the expense report should reflect the traveler’s actual costs up to the allowable amount. Claiming actual expenses is the best use of the University’s funds.
