**About the Weekly Digest**

We are excited to announce the re-launch of the Fund Management Office Hours! This series of faculty and researcher office hours is designed to provide guidance and support as our community adapts to the new Oracle financial system. Each Wednesday from 11:00 am to 12:00 pm, join us to discuss a specific topic, ask questions, and receive hands-on assistance. To ensure participation, please register in advance by signing up via our calendar. Co-hosted by Marla Wollman and Heather Sears, this is an opportunity to continue learning new reports and financial analysis tools.

**Join the IPPS Team for the next session of Hot Topics!**

This session will focus on “Best Practices for University Card Use and Reconciliation.” Join us on Thursday, August 5, 2021, from 9:00 am to 11:00 am to discuss the importance of proper purchasing practices and how to effectively manage University Card reconciliations. This session is especially valuable for individuals responsible for departmental purchases who need to keep up with the latest regulations and guidelines. To attend, please register in advance via the event link.

**New Training Video for Concur!**

A new training video has been launched for Concur, specifically addressing the Concur: New Card Request. This video demonstrates how to request a new card and includes additional validation to your transactions, announcements, and reminders. Check out the newly redesigned Budget & Finance Home Page and updated guidance. Be sure to try out the different calendar views in the upper right corner!

**Fund Management Office Hours**

We are here to support our Faculty and Researchers! Each Wednesday, from 11:00 am to 12:00 pm, join us to address specific challenges related to the new Oracle financial system. Whether you need help interpreting and understanding project financials, or have questions about invoices and expenses, this is the perfect opportunity to connect with our team and receive hands-on guidance. Co-hosted by Beverly Baker and Heather Sears, this session is an excellent way to deepen your understanding of Oracle financial tools.

**Oracle Financials Cloud Scheduled Maintenance**

The Oracle production environment will be down for scheduled maintenance on Friday, July 30, 2021, from 7:00 PM through 11:00 PM. This maintenance is necessary to perform updates and improvements to the system. While the maintenance is occurring, you may experience reduced performance or access to certain features. Be sure to plan your activities accordingly.

**Notice for July 31**

This notice is to confirm the upcoming deprecation of Legacy Applications affecting Finance, HR, and Payroll on July 31, 2021. This change is part of our ongoing efforts to transition our systems to the new Financial Information System. If you have any questions or concerns about this transition, please contact our team for assistance.

**Concur System Errors**

The team has resolved bugs in the system specific to the action of creating an exception. These bugs were causing errors when attempting to close POs. As a result, any transactions not applied to a sponsored or capital project will process in the Workflow; but once the transaction is applied, it will no longer be visible in the Workflow. We are monitoring this issue and will continue to improve our processes to ensure smooth operations.

**Oracle FinancialLink and QueryLink Deprecation**

Notice for July 31! This update affects "Green Screen" access and will NOT affect existing value goals set out initially by the replacement enterprise systems. Oracle FinancialLink and QueryLink reports will be de-prioritized for high-priority changes for the next 6 months. There is currently no plan to deprecate FinancialLink and all the reports you know and love. This change affects "Green Screen" access and will NOT affect existing value goals set out initially by the replacement enterprise systems. After the major transitions from Legacy Payroll / HR, and Financial Mainframe Applications to UCPath affecting Finance, HR, and Payroll on July 31, 2021, it was important to confirm the upcoming deprecation of Legacy Applications.

**Oracle Production Environment Down for Maintenance**

The Oracle production environment will be down for scheduled maintenance on Friday, July 30, 2021, from 7:00 PM through 11:00 PM. This maintenance is necessary to perform updates and improvements to the system. While the maintenance is occurring, you may experience reduced performance or access to certain features. Be sure to plan your activities accordingly.
