Oracle Workflow Notification Updates Coming 08/29/2022

Over the past several months we have been working on updating the Oracle Workflow Notifications with more detailed information to allow you to take advantage of the ability to approve your transactions via email. Over the next few weeks, we will release an outline of the detailed changes for the following notifications being updated in preparation for the release date of August 29, 2022:

- Accounts Payable Invoices and Invoice Holds
- Contract Invoices
- Journals
- Requisitions, Purchase Orders, and Change Orders
- Project Budgets (Financial Plans)

Due to limited functionality, the following notifications cannot be updated at this time:

- Contracts
- FYI Requisition Approved
- FYI Purchase Order Implemented
- Project Cost Adjustments

Stay tuned for more information!
We Want Your Feedback!
We welcome you to complete a quick survey on how the Fiscal Close Bulletin went for you. The survey will close on Friday, August 12.

Change in Internal Funding Source Burdening / IDC
Previously, separate tasks or projects had to be created for cost sharing to drive the Internal IDC (indirect costs) assessment. IDC is usually assessed for cost sharing as a project cost, but is not a cost to the department (net $0 financial impact to the project/department). This has caused a number of impacts to departments for their reconciliation, SPF for setup and ITS for maintenance. We have worked with Oracle to use only the Internal Funding Source to drive this instead of separate internal burden schedules.

For new awards setup with Internal Funding Source(s), there will no longer be the 538000 – Internal CostSharing IDC expenditure type and SPF will no longer need to assign an internal burden schedule to the cost sharing project/task. The internal IDC will be assessed with the same expenditure type of 538000 – FandA IDC - Expense, but the Internal Funding Source, based on the cost Funding Source, will ensure that the financial impact to the department is $0 for the IDC. Current awards will not be changed and will work the same as before, but if you want to adjust current awards, please work with your SPF Accountant.

The current exception report for 538000 on Non-Sponsored Funds from UCSD-DSH Department Exceptions Panorama should still be managed to cleanup existing awards, but this will not be impactful going forward as it will no longer matter the specific task/project you charge to, but instead the internal funding source of the cost will drive the expenses and the internal IDC will always net to $0.

For more information, please review the PPM Department Guide to Managing Cost Sharing.

New Concur Functionality: Name Edit Capability
Travelers can now self-manage the name that passes on to travel bookings!
If a preferred name in Concur does not match the traveler's legal ID, that information can now be updated in Concur > Profile Settings > Personal Information. Changes update in real time so there is no delay in making travel arrangements using the name that matches the traveler's legal ID. If a traveler takes no action, the name that appears on booked tickets will be the preferred name from UCPath.

Procurement Card Holders
Hello Procurement Card Cardholders, are you tired of getting reminders to reconcile your outstanding expenses? This is your reminder that you have the power to submit a Delegation of Authority Request in Concur so someone else can reconcile on your behalf. Once you have submitted a Delegation of Authority Request in Concur, it will allow ANY of your delegates to go in to create AND submit your expense reports. This is a feature made just for those cardholders who are busy and always on the go. Check out how to submit a Delegation of Authority request [here](#).

The Support Framework: Your Guide to Finding Help
Learning all there is to know about budget & finance can feel daunting.

### Support Framework

**What Can I Do On My Own?**
- Resolve a few initial support situations yourself.
- Direct others to the full support framework for help.

**Where Can I Get Help?**
- Submit a request to your department's support team.
- Contact IT support directly.

**Who Can Help Escalate?**
- Submit a new request to the Budget & Finance help desk.
- Contact the appropriate department directly.

**How Do I Suggest Enhancements?**
- Submit a feature request to the Budget & Finance office.
- Contact the appropriate department directly.

The [Support Framework](#) is designed to help the Budget & Finance community, including faculty or staff with financial responsibilities, identify their resources based on the following questions:

- What can I do on my own?
- Where can I get help?
- Who can help escalate?
- How do I suggest enhancements?
