Maricopa County Cooperative Extension!

Please stop by and see what's new at the office. As always, thanks to everyone for their continued support of stage, and we hope it'll be fully function early in the summer.

The Smartscape Program is providing advance training in areas of irrigation, urban forest management and reduce agricultural production in the area, as well as participated in the Health World Education festival in Scottsdale.

The PSEP Coordinator welcomes input from community members at any time and is interested in livestock predators, such as coyotes and feral dogs. The third category will be much broader, Coordinator is excited about the introduction of the livestock certification categories and making on or around livestock and their housing areas.

While a few states developed study guides and began administering certification exams focusing on or around livestock and their housing areas.

The three certification categories are designed for pesticide applicators interested in purchasing, using, or directly supervising the use of restricted use pesticide (RUP) products to manage pests.

The Field Crops IPM Program is

Integrated Pesticide Management - Don’t Let the Bad Bugs Bite

The Urban Agriculture Production, Small-Scale, and Beginning Farmer Program has been busy

The Agricultural Literacy & STEM program as had a busy start to the year. In February, fourteen teachers and six staff visited Yuma, Arizona to tour farms and other agricultural production facilities, and drove through the Five Rivers Feedyard. We ended the two-day event back at the Maricopa County Cooperative Extension Office, exhausted, but enriched.

Youth will have the opportunity to participate in activities for the public and our 4-H members and volunteers. Look for scavenger hunts, ladder races, and a baking competition! All exhibits and awards will be on display in the Party Gras building, southwest corner of the 4-H 2023 Arizona Mayors’ Youth Fair.

Before Class 31 graduates at the 40th Celebration, they will go to Washington, D.C. and Gettysburg, PA to get to show off what they have accomplished.

Youth Fair for Mayor Leadership

Maricopa County Agriculture Research & Extension

The 2023 Arizona Mayors’ Youth Fair was held April 11-14, 2023.

The PSEP Coordinator welcomes input from community members at any time and is interested in livestock predators, such as coyotes and feral dogs. The third category will be much broader.
