Fraternity and Sorority Life

Interested students are encouraged to check out each organization and see which one fits them best!

- For Fraternities, structured recruitment will occur the second week of classes, September 14-18! It is required to participate in recruitment. Sign up by scanning the QR code!
- For Sororities, primary recruitment will occur the first week of school, September 9-12! Registration is required. Check out each organization and see which one fits you best!

Why join a Greek Organization?

At their cores, Fraternities and Sororities are philanthropic organizations steeped in decades of traditions and customs. The men and women of these organizations dedicate themselves to bettering our community through service and leadership development.

At UWL, we have over 50 different organizations to choose from! Each organization offers different opportunities to meet people, try something new, and learn more about the world. Here are a few reasons you might want to join a Greek Organization:

- Fraternities and sororities allow students to meet many people through social events, service projects, recruitment, and intramural events. You'll quickly become connected to the university and your new friends.
- Through involvement in Greek Organizations, you can develop leadership skills, learn more about the world, and grow as a person.
- A Greek Organizations is a great opportunity to become more involved in the university and learn new skills.

How do you get involved?

Check out the COVE and hear about many ways you can get involved on campus. The COVE is located in the Student Union, and you can find us on the second floor. The COVE is open every day, and we have a variety of activities going on throughout the week.
