MEMBER spotlight

Dr. Zoltan Trizna
Dermatology

If you have attended a TCMS event, you have probably met Dr. Trizna. He and his wife, Kathy attend most of the social events and he is a regular at TexMed as a TCMS delegate to the TMA. He has been a member since 1977! Members like Dr. Trizna know how to get the most out of membership—they truly appreciate and take advantage of all that TCMS/TMA can do for them. “I am a member because it is a physician-oriented society,” he says. “I participate in most of its social activities—TCMS brings doctors and their families closer to each other. Every member should encourage their colleagues to join.” **Read more.**

Texas Medical Association

Medicare Action Alert!

Act Now. Contact your U.S. representative and senators and tell them how a new proposed 2.8% pay cut – on top of all the other Medicare pay cuts to physicians over time – will affect your practice and your patients.

Congress must act to stop the proposed pay cut and support the bipartisan House Resolution 2474 to reform Medicare's broken payment system and ensure physicians receive inflationary updates like hospitals and other Medicare providers receive.

It takes just seconds to send a powerful message to Congress. Washington doesn't think another cut matters, but we know otherwise. Please TELL YOUR STORY.

Decades of Medicare pay cuts are negatively impacting physician practice viability. This diminishes access to care for ALL patients.

We must ensure our seniors are cared for with the highest standard of care. We must develop a permanent, viable Medicare physician payment system.

Please act now.

Austin Expands Support for Medically Vulnerable Populations

The Medically Vulnerable Registry (MVR) program is designed to help residents whose medical needs require power or water. Dedicated staff help MVR customers proactively plan for utility outages and provide support resources when customers need assistance with utility bills. City Of Austin (COA) Utilities is seeking partners in the medical community to help promote the program and ensure eligible patients receive these benefits.
