

10 YEARS

OF BUILDING MORE THAN BOATS

It's Bigger Than the Boat

March 10, 2021

CELEBRATING 10 YEARS OF WIND & OAR

We are so grateful to be celebrating a decade of engaging and inspiring youth! When we started our boat school, we knew it would be hard work. What we didn't know was how much love and support we would receive from our community along the way. Thank you so much for being on this journey with us! We couldn't have done it without you.

After 10 years, we've done more than build boats, we've built thinkers, innovators, and dreamers.

Our work is powered by the belief that all children are capable of learning and thriving. Experiential, hands-on, project-based education is essential for engaging and inspiring students. Over the last **10** years, we've worked with **23** schools and youth serving organizations to hold **66** projects for **2,400** youth. We are looking forward to getting back into the classrooms as soon as in-person instruction is safe. There is so much left to do to transform our education system so that all youth can be the builder of their own lives.
