Mason Impact, the site change you want to see in the world

We asked, "How can we help today?" and, together with students, staff, faculty, parents, and alumni, we offered answers.

The National Geographic x Mason Impact Summit is on May 12-13, 2021. Submit a proposal today for the summit's Call for Proposals!

The summit celebrates Mason's achievements and seeks to bring together the Mason community to discuss ways to improve the world.

Submit a proposal by April 29, 2021.
