Congratulations to all of our August LSU Graduates and their families.

William F. Tate IV

President of LSU

Congratulate your incoming LSU students and let them know you're one of their biggest fans.

Letters will be printed and delivered by the LSU Family Programs Office. Write something that will inspire and encourage your incoming student as they begin school at LSU.

You will receive a transformative experience as your student to arrive on campus.

You will encourage yours to get vaccinated against coronavirus, as you are a member of a collective. Therefore, as students return, I hope you will encourage yours to get vaccinated against coronavirus, as you are a member of a collective.

The experience I am most excited about is meeting, working with, and advocating for our talented students. Among my most important accomplishments. I am abundantly confident in building a campus community.

We have worked hard to get to a point of safety and well-being of our community, and we will continue to do so.

You will encourage yours to get vaccinated against coronavirus, as you are a member of a collective.
