The University Chaplaincy is a dynamic hub supporting religious, spiritual, ethical, and cultural life for all members of the Tufts community. We provide pastoral care, support religious and philosophical communities, educate about spiritual and ethical issues in society and the world, and promote multifaith engagement.

Spirituality, Community Life, and the Ukraine

Through inclusive conversation, we reflect on the many and varied ways in which spiritual practices influence our lives and our commitments to justice. These conversations can be informal, intimate gatherings, as well as large, inclusive events. We engage with the work of the Africana Center and the LGBT Center, as well as the environments and experiences of the Tufts community and of the world at large.
