From Rabbi Naftali Brawer, Jewish Chaplain:

The entire University Chaplaincy team offers, in their own words, their greetings and wishes for your winter break.

Greetings to you during this multifaith season of light when Advent wreaths, Hanukkah menorahs, Yule logs, and moons make us aware of the season.

The warmest wishes to the entire Tufts community, as the year 2020 closes.

Deep peace of the quiet earth.

Deep peace of the flowing air,

Deep peace of the running waves,

Deep peace of the flowing mind.

May the hope that is offered during this Advent season continue to live within you for the entire year.

May your traditions allow you to pause, take stock of those meaningful and lifegiving elements of the season, and to learn from one another.

While we cannot be together in person this year, we will still gather (virtually) to celebrate this rich and diverse season.

Thank you for Give. High Season 2020.

At Tufts, we are grateful that you are here with us. We offer these simple words, adapted by Ray Makeever from a traditional Celtic text, as you make your way through this season:

May fervor for a better world abide among us. May we trust that we have light within us to shine and share. May our hearts' longing for compassion guide us to the acts of kindness that will be our beacon to others.

May the hope that is offered during this Advent season continue to live within you for the entire year.

May your traditions allow you to pause, take stock of those meaningful and lifegiving elements of the season, and to learn from one another.
